NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE Everything changes in a single moment for Dawn Edelstein. She's on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt

Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on *The Book of Two Ways*—the first known map of the afterlife. As the story unfolds, Dawn's two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she's never truly asked: What does a life well lived look like? When we leave this earth, what do we leave behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn't turned out to be the person you are right now? *The Kybalion* Sema Institute

The modern classic that interweaves the solitude, silence, and prayer of the fourth- and fifth-century Egyptian Desert Fathers and Mothers with our contemporary search for an authentic spirituality **The Egyptian Path of Love** Sema Institute

- Details the nine stages of the ancient Egyptian initiatory path, describing each stage's powers as well as the culminating ceremony called "The Crown of Isis"
- Provides profound guided meditations for each of the nine stages and illustrates the manifestation of this path's principles through stories of awakening
- Shares the author's personal journey as a Garment of Isis and her own powerful interactions with Isis, which culminated in her serving as Oracle of Isis at the Parliament of World Religions in Chicago in 1993

The Sacred Science of ancient Egypt was an initiatory spiritual system, a technology of consciousness designed to birth a mystical communion with the divinities, an embodied union of being between the eternal and the mortal. After initiation was

completed, the re-identified being, now divinely possessed, was known as a "Garment of Isis," signifying that the goddess Isis dwelt within them. As Naomi Ozaniec reveals, it is still possible to enter into these ancient Mysteries, to encounter the living mysticism of Khemetic Sacred Science and become a vessel for the divine. Offering a practical guide to the key principles within the Egyptian temple tradition, she explores the process of creating and developing a personal relationship with the neteru, the divinities and living forces of creation of ancient Egypt. She details the nine stages of this initiatory path, which are divided into three phases--Heartmind, Spiritmind, and Soulmind. This step-by-step, interactive process culminates in a ceremony called "The Crown of Isis." For each of the nine stages, the author provides profound guided meditations and illustrates the manifestation of the initiate's powers through stories of awakening brought on by this spiritual path. She also shares her personal journey as a Garment of Isis and her own powerful interactions with Isis, which culminated in the author holding the office of Oracle of Isis at the Parliament of World Religions in Chicago in 1993. Offering an accessible yet substantive guide to initiation into the Egyptian mysteries, this book details how to gradually awaken and attune your mind to the symbolic, open access to higher realms of consciousness, and enter into a mystical marriage between personal and divine consciousness.

THE AFRICAN ORIGINS OF CIVILIZATION, MYSTICAL RELIGION AND YOGA PHILOSOPHY 8 1/2" X 11" Part 1, in one volume First Edition Three volumes in one. Over the past several years I have been asked to put together in one volume the most important evidences showing the correlations and common teachings between Kamitan (Ancient Egyptian) culture and religion and that of India. The questions of the history of Ancient Egypt, and the latest archeological evidences showing civilization and culture in Ancient Egypt and its spread to other countries, has intrigued many scholars as well as mystics over the years. Also, the possibility that Ancient Egyptian Priests and Priestesses migrated to Greece, India and other countries to carry on the traditions of the Ancient Egyptian Mysteries, has been speculated over the years as well. In chapter 1 of the book *Egyptian Yoga The Philosophy of Enlightenment*, 1995, I first introduced the deepest comparison between Ancient Egypt and India that had been brought forth up to that time. Now, in the year 2001 this new book, THE AFRICAN ORIGINS OF CIVILIZATION, MYSTICAL RELIGION AND YOGA PHILOSOPHY, more fully explores the motifs, symbols and philosophical correlations between Ancient Egyptian and Indian mysticism and clearly shows not only that Ancient Egypt and India were connected culturally but also spiritually. How does this knowledge help the spiritual aspirant? This discovery has great importance for the Yogis and mystics who follow the philosophy of Ancient Egypt and the mysticism of India. It means that India has a longer history and heritage than was previously understood. It shows that the mysteries of Ancient Egypt were essentially a yoga tradition which did not die but rather developed into the modern day systems of Yoga technology of India. It further shows that African culture developed Yoga Mysticism earlier than any other civilization in history. All of this expands our understanding of the unity of culture and the deep legacy of Yoga, which stretches into the distant past, beyond the Indus Valley civilization, the earliest known high culture in India as well

as the Vedic tradition of Aryan culture. Therefore, Yoga culture and mysticism is the oldest known tradition of spiritual development and Indian mysticism is an extension of the Ancient Egyptian mysticism. By understanding the legacy which Ancient Egypt gave to India the mysticism of India is better understood and by comprehending the heritage of Indian Yoga, which is rooted in Ancient Egypt the Mysticism of Ancient Egypt is also better understood. This expanded understanding allows us to prove the underlying kinship of humanity, through the common symbols, motifs and philosophies which are not disparate and confusing teachings but in reality expressions of the same study of truth through metaphysics and mystical realization of Self.

The Wisdom of Matti Cruzian Mystic Books
Rudolf Steiner emphasizes the astonishing and special relationship between our own time and that of ancient Egypt—how, in the natural rhythm of the ages, the so-called third Post-Atlantian (Egyptian) epoch is mirrored by the fifth (present) epoch. In this sense, today it is especially relevant to look at ancient Egypt with fresh eyes. The evolution of Western civilization has been profoundly influenced by Egyptian myths through the Greek mysteries. Because of other influences, however, this heritage has degenerated—thinking has mummified, and myth has all but disappeared. Consequently, it is important to revive the seed of goodness passed down to us from ancient Egypt. Through true imagination, we have the task of renewing human knowledge of the creative forces in nature, as the Egyptians attempted through the Osiris-Isis myth, and the Greeks through the myth of Demeter. This is what Steiner attempts in this lecture cycle. Steiner's subjects include: experiences of Egyptian initiations; esoteric anatomy and physiology; the stages of evolution of the human form; and much more. The final lecture is on the Christ impulse as the conqueror of matter.

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author

probes the Ancient Secrets of the Flower of Life.

The Kybalion: A Study of the Hermetic Philosophy of Ancient Egypt and Greece is a book originally published in 1908 by New Thought author William Walker Atkinson under the pseudonym "The Three Initiates". This book is not exactly *The Kybalion* itself, it is more of a critical interpretation by Atkinson on hermetic philosophy. As such, it should be read with this in mind that it is not an authoritative hermetic text, but one only dedicated to Hermes Trismegistus. *The Kybalion* presents seven universal principles it proposes to be the Seven Hermetic Principles: Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause and Effect, and Gender. These principles are essentially explications of cycles, and before these principles is the notion of the primacy of mind as the cause of All (philosophical mentalism). This idea of mentalism is inspired by what is written about the Mind in *The Hermetica*. Coinciding with Spiritualism, New Thought, and Theosophy, the book became very popular in New Age movements, particularly with its notion of spiritual and mental alchemy. *The Kybalion* is a text which must be read with this in mind, while it is an interpretation of hermetic philosophy, it is in part still a relic of its time. Its influence cannot be understated, and the need to read it critically cannot be overstated.
